

Ahnii Tribal Citizens!

My name is Sharon Sierzputowski. My maternal grandmother was a Full-Blooded Odawa, Jenny Mitchell (*nee* Green), daughter of James Green and Anna Willis of Horton Bay, Michigan. I am the former LTBB Health Director, (*retired*), of our Tribal Health Department *MinaMskikiGumik*, serving from 2001 to 2017. I am an experienced and knowledgeable Tribal Manager having overseen over 50 Tribal Government Employees; coordinated Tribal Health Issues with the Federal Government; made reports worked with Tribal Administration and Council, and served as a diligent employee for the Tribal Government.

I have Bachelor's Degree in Nursing and post-graduate education in Medicine, P.A-C with honors; maintained memberships in American Academy of Physicians Assistants and the American Association of Forensic Nurses, and have worked in Health Service Administration and public health for over 35 years.

As a Director, my responsibilities included complete oversight and budgetary concerns for all health care services at our Tribal Health Department. In addition to administrative responsibilities, I continued to practice medicine part time as a Physician Assistant in the medical clinic to ensure our Tribal Citizens received quality services and was often requested as their trusted primary provider.

I feel a duty to serve our Community on Tribal Council to ensure continuing Health Care for our Tribal Citizens, along with continuing our programs for Elders and Youth. My experience and understanding of Tribal Health Care issues, Tribal Government, and Federal Government funding processes proves I can make an invaluable contribution to our Tribal Council.

I remain supportive of all our efforts to improve the Standards of Living for our Tribal Citizens. and remain dedicated towards preserving and enhancing all of our programs and services. I especially am dedicated towards supporting our Anishinaabemowin and Cultural Revitalization Programs FOR THE BENEFIT OF ALL TRIBAL CITIZENS AND OUR FUTURE SEVEN GENERATIONS

I am humbly asking for your vote.
