I. BIDS DUE

- A. All bids must be received by Mandy Szocinski in the Accounting Department by **April 8, 2024** no later than 3:00pm prevailing local time. Submittals received after deadline will not be considered.
- B. Bids will be accepted in the following methods:
 - 1. By Fax: 231-242-1449
 - 2. By E-Mail: mszocinski@ltbbodawa-nsn.gov
- C. Any questions regarding the bid process may be directed to Mandy Szocinski, at 231-242-1439.

II. SCOPE

The Little Traverse Bay Bands (LTBB) Fisheries Enhancement Facility (LTBB Hatchery) is located at 4100 Giigoohns Miikaan Ave., Levering, Michigan 49755. The LTBB Hatchery was completed in 2013 and included a Recirculating Aquaculture System (RAS). The Hatchery's Recirculating Aquaculture System (RAS) is mostly installed; however, a waste management component has not. A waste management component will allow the collection of waste from the drum screen. The design of the system uses a dual septic tank system to collect the "sludge" from the drum screen, thus removing fine particles before sending the effluent (sewage) to the settling pond. This process ensures that the water quality of the hatchery effluent is not negatively impacting the surrounding watershed.

This project will allow LTBB to install a septic tank that will receive the effluent from the recirculating aquaculture system drum screen. Specifically, we are looking to install 1x, 2,000-gallon septic tank along the pipe leaving the drum screen. The overflow for the tank will be put inline with the current outflow to the settling pond.

- A. Erect safety barriers and signage to cordon off work area for safety, when needed.
- B. All work is performed in accordance with the applicable codes, safety standards, and adhere to the general provisions of the contract documents
- C. Coordinate with LTBB Planning Department to schedule needed permits and inspections, if needed.
- D. Work with the LTBB Hatchery Manager to schedule work being performed.
- E. Must be available to schedule work for early 2024 and complete project by November 2024.
- F. Purchase and install one (1) 2,000-gallon concrete septic tank.
- G. Connect to hatchery system and settling pond.
- H. Work to include; installation, all hookups, and testing for proper operations.
- I. Restore disturbed area(s) (final grading, seeding, and mulching of any disturbed area(s)) to original undisturbed condition or better.
- J. Project may be subject to Davis Bacon and Related Acts (40 USC §276a; 29 CFR Parts 1, 3, 5, 6 and 7), and Certified Payroll Records must be submitted to LTBB during the project period and will be supplied upon award.
- K. Responsible for cleaning, removing, and disposal of all debris, including all dust and concrete chips, resulting from this project and removing from site.

III. QUALIFICATIONS OF CONTRACTOR

- A. Must not appear as listed as parties that are excluded from receiving Federal contracts, certain subcontracts, and certain Federal financial and nonfinancial assistance and benefits, pursuant to the provisions of 31 U.S.C. 6101, note, E.O. 12549, E.O. 12689, 48 CFR 9.404, and each agency's codification of the Common Rule for No procurement suspension and debarment.
- B. The Parties understand that LTBB has enacted a statute, WOS 2012-008, the Sex Offender Registration and Notification Statute, to fulfill the obligations of sex offender registration and notification. All contractors, including their employees including all subcontractors and their employees that are sex offenders that are mandated to register are required to update their registry with the LTBB Law Enforcement when working on sites under the jurisdiction of LTBB.
- C. If Applicable. If you have employees, then Davis Bacon is applicable and you Must be Davis Bacon and Related Acts (DBRA) compliant. DBRA are administered by the Wage and Hour Division. Contractors and subcontractors with employee, performing on federally funded or assisted contracts in, in excess of \$2,000.00 for the construction, alteration or repairs are required to pay their laborers not less than the prevailing wage rates and fringe benefits as determined by Department of Labor (DOL) and listed on the web site (www.dol.gov) under the Wage and Hour Division (WHD) for corresponding classes of laborers employed on similar project in the area and will be listed in the contract as Addendum A MI2020240118 03/15/2024 "Davis-Bacon Wage Determination". Apprentices may be employed at less than predetermined rates if they are in an apprenticeship program registered with the DOL or with a state apprenticeship agency recognized by the DOL. Trainees may be employed at less than predetermined rates if they are in a training program certified by the DOL. Contractors and subcontractors on prime contracts in excess \$100,000.00 are required, pursuant to the Contract Work Hours and Safety Standards Act, to pay employees one and one-half times their basic rates of pay for all hours over 40 worked on covered contract work in a workweek. Covered Contractors and

subcontractors are also required to pay employees weekly and to submit weekly certified payroll records to LTBB, the contracting agency, to the LTBB Accounting Office or designee and supply weekly certified payroll (form wh347). (40 USC §276a; 29 CFR Parts 1, 3, 5, 6 and 7).

IV. PREFERENCES FOR CONTRACTOR

Addendum A Davis-Bacon Wage Determination

General Decision Number: MI20240118 03/15/2024 Superseded General Decision Number: MI20230118

State: Michigan

Construction Type: Building

County: Emmet County in Michigan.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1). If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022, Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024. If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022, Executive Order 13658 generally applies to the contract. The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024. The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request. Additional information on contractor requirements and worker protections under the Executive Orders is available at http://www.dol.gov/agencies/whd/government-contracts.

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.20) or 13658

(\$12.90). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four-letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

- 1.) Has there been an initial decision in the matter? This can be:
- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations

Wage and Hour Division

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
